Artemis Education Celebrates Ministry Recognition for Two Qatar Schools

Northview International School and Queen's Qatar Awarded the MOEHE White Flag Shield for Institutional Excellence.

Artemis Education is proud to announce that two of its schools in Qatar, Northview International School and Queen's Qatar, have been awarded the White Flag Shield by Qatar's Ministry of Education and Higher Education (MOEHE), recognising their commitment to institutional excellence, quality assurance, regulatory compliance, and the provision of safe, positive and stimulating learning environments for students.

The recognition represents a significant achievement for both schools and reinforces Artemis Education's commitment to delivering world-class educational experiences underpinned by the highest standards of governance, wellbeing and operational excellence.

The MOEHE White Flag programme recognises schools that demonstrate strong performance across a range of operational and educational criteria, including compliance with Qatari national regulations, health and safety standards, quality processes and continuous improvement practices.

The White Flag Shield is awarded to schools that consistently demonstrate these standards, serving as an important benchmark of excellence within Qatar's education sector.

For Northview International School, the award reflects the school's unwavering focus on creating a learning environment that families can trust, supported by effective leadership, robust systems and a strong culture of accountability.

Meanwhile, for Queen's Qatar, the recognition is an important milestone in the school's continued journey of growth and development since its founding in September 2023. This early-on recognition reflects the schools commitment to quality, sustainability and best practice across all aspects of school life.

Niall Brennan, Founder and Chief Executive Officer of Artemis Education, said:

"To see two Artemis schools recognised through the MOEHE White Flag programme is a tremendous achievement and a proud moment for our entire organisation. These awards are a reflection of the dedication, professionalism and commitment demonstrated every day by our school leaders, teachers, support colleagues, students and families.

At Artemis Education, we believe that exceptional schools are built upon strong foundations. The White Flag Shield recognises exactly those foundations: a culture of excellence, strong governance, safe and inclusive environments, and a commitment to continual improvement. We are delighted that both Northview International School and Queen's Qatar have been recognised in this way and congratulate their entire communities on this outstanding accomplishment."

Leveraging Group-Wide Best Practice

The dual recognition highlights the strength of the Artemis Education model, which combines global best practice with deep local understanding to create schools where students are empowered to thrive academically, socially and personally.

Across the Group's growing portfolio, Artemis remains committed to fostering environments that support excellence in teaching and learning while maintaining the highest standards of care, safeguarding and operational integrity.

As both schools continue their respective journeys, the White Flag Shield serves as a powerful endorsement of their commitment to quality and their shared ambition to provide exceptional educational experiences for every child.

About Artemis Education

Artemis Education is a growing international schools' group with a clear mission: to expand access to outstanding, high-quality education. The group is dedicated to delivering exceptional, whole-child learning experiences that combine academic rigour with rich, dynamic extracurricular opportunities.

At the heart of Artemis Education is a commitment to universal values, individual growth, and holistic development - empowering students to realise their full potential, build resilience, and become responsible global citizens.

Its schools bring together exceptional educators, inspiring purpose-built environments, and innovative technology that enhances teaching and learning. Many Artemis campuses are designed and developed from the ground up, creating next-generation learning spaces tailored to the needs of modern students.

Sustainability is central to both campus design and day-to-day operations, reflecting a long-term commitment to responsible growth. With an ambitious expansion strategy, Artemis Education continues to meet the rising demand for premium international education across Europe and the Middle East. http://www.artemis-education.com/
